Chapter 3: Matt's Heart
>
 After the encounter with Octomon, the
>digidestined walk around the digital world again. Matt
takes another look at Sora and Lauren couldn't take it
>anymore. She knew it. Matt had to like Sora. What
else could it be? When it finally became dark, Matt
>went to the lake to get a drink. He looked at the stars
when Lauren walked over and leaned on the tree.
> "Their beautiful aren't they?" Questioned Lauren
to Matt. Matt was startled. He turned around to see
>Lauren. He smiled at her.
 "Yeah, very beautiful" he responded in a calm voice.
> "That's how you find Sora huh? Like the stars
in the sky? Very beautiful?"
> Matt began to blush. Lauren walked over to him.
She put her hand on his shoulder. He turned his head
>with a blushing face. Lauren smiled.
 "I know you do," Lauren said with a calm voice.
>"Don't hide it. Tell her how you feel."
 "What? You expect me just to go out in front of
> the others going 'Sora I love you' ?!?"
 "No. I'm saying that you should at least tell
>her about how you feel. Not in front of everyone but at
least tell her alone."
> "Why?"
 "What if she likes you huh?"
> "Well then everything will go smoozely."
 "And you want it to be like that right?"
> "Yeah."
 "Then tell her. What do ya got to lose?"
> Matt started to think when Tai ran over to them.
He came with his hand in the air, waving.
> "Hey you two!" Yelled Tai. "What are you two up
to? You two in love?"
> "No thanks," responded Lauren. "Sorry not the
right time for

me."
> "Anyway, TK and Kari found some kind of movie
building that is totally deserted but the wierd thing is
>that movies are still playing and there are free
snacks."
> "How do you know?"
 "TK and Kari went in and saw the popcorn machine
>cooking popcorn and Patamon and Gatomon saw the movies
running with nobody watching them and their playing over
>and over again."
 "ohhhhhh! Well, lets go investigate. How far

>is it?"
 "About six miles away."
> "How did they get there?"
 "They flew on Agnemon and Angewomon's backs."
> "Well then if we are going then may i suggest
we ride on Garurumon, Blazemon, and Kabuterimon?We will
>get there faster."
 "What about Birdramon?" Questioned Matt. Lauren
>shoved him in the stomach but not to hard.
 "If we do that, Sora can't ride away with you,"
>whispered Lauren into Matt's ear.
 They walked back to the others. Lynxamon,
>Garurumon, and Tentomon digivolved and they rode off.
Tai, Agumon, Kari, and Gatomon went with Lauren on
>Blazemon, Sora, Biyomon, Tk, and Patamon went with Matt
on Garurumon, and Joe, Gomamon, Mimi, and Palmon went
>with Izzy on Kabuterimon. They decided to meet in front
of the theater and then they were off.

 "You guys ok back there?" Yelled Lauren to Kari
>Tai, and the others.
 "We're fine back here!" Responded Tai. "Do you
>know where your going Lauren?"
 "I'm fallowing Garurumon."
> "Ok. I hope we get there soon. I want popcorn."
 "Its not the time to think about your stomach
>Tai!"
 "I know. Lets go!"
>

 Tk and Sora were riding with Matt. Tk was
>in front of Matt and Sora was behind him holding his
waist so not to fall.
> "How you doing TK?" Questioned Matt.
 "I'm doing ok," answered Tk."Thanks for asking."
> "How about you Sora?"
 "Biyomon and I are fine back here."
> "That's good. We're almost there."
> * * * * * * * * *
> "I hope the others are ok," Mimi wondered.
 "You planning to apoligize to Lauren yet?"
>Questioned Joe.
 "Yes, as soon as I run into her."
> "That's good. Listen Mimi...um...well... never
mind."
> "You sure?"
 "Yeah."
> "Ok."
 "We're at the theater you guys!" Yelled Izzy.
>

 Everyone were then in front of the theater and
>scouting the area. They found nobody in sight. They
all decided to go into the theater. Matt took another
>look at Sora. Lauren noticed Joe looking at Mimi. She
put her hand on her forhead in confusion.
> "Love sick people," thought Lauren. "Now I got
to set up Joe with Mimi. Great."
> "Everyone here?" Questioned Tai.
 "I think so Tai," answered Sora.

> "Ok then. Since we're here why don't we look
around and maybe catch a movie. So if you want to be
>with a certain someone tonight then I suggest go to him
or her."

> Tai looked over at Lauren and Matt. Lauren
looked around in confusion. Then she thought Tai was
>looking at her. She then knew.
 "Very funny Tai," Lauren said. "Sorry though I
>don't want a boyfriend right now thanks and besides Matt
and I are just friends."
> "Yeah for now," teased Tai.
 "Haha now lets figure this out. Lets let Matt
>go with Sora, Mimi go with Joe, I'll go with Kari and Tk
and then Tai and Izzy can hang out. Everybody ok with
>that?"
 "Sure lets go," Kari said. The next thing
>Lauren knew, Tk and Kari started dragging Lauren into
the theater by the hands and they were excited with
>Lauren going with them. Matt and Sora went into a
romance story and Mimi and Joe did the same. Tai and
>Izzy didn't hang out though. Tai followed Sora by
secret and Izzy followed Mimi.
> Lauren, Tk, and Kari walked into the theater to
watch a movie that suited Tk and Kari's taste. Lauren
>was then thinking in her head.
 "This isn't good at all. Tai likes Sora and
>Izzy likes Mimi. The only problem is that Matt likes
Sora and Joe likes Mimi. I should make sure nothing
>bad happens," though Lauren. Then she noticed Lynxamon
was missing. She then tapped Kari and Tk on their
>shoulders.
 "I'll be right back. Lynxamon is missing. Stay

>here ok?"
 "OK."
> Lauren then walked away in search of Lynxamon.
She left the theater Kari and Tk were in and found
>Lynxamon spying on Matt and Sora. She snuck up on her
friend.

> "Spying is so imature," whispered Lauren into
Lynxamon's ear.

> "I know but look."
 Lauren looked into the theater finding Matt

>kissing Sora. She couldn't believe it. She pulled it
off. She then looked at Tai. He stood up and with
>Agumon behind him. He marched up to Matt and Sora.
 "Uh oh. Lynxamon you might want to digivolve to
>break up their fight," Lauren said to Lynxamon.
 "Got it," answered Lynxamon. "Lynxamon
>digivolve to...Blazemon!"
 When Lynxamon finally digivolved it was too late.
>Matt and Tai were already getting into a fight. Sora
tried to break it up but it was no use. Blazemon then
>ran into the theater.
 "Fire Shooting Stars!"
> Matt and Tai turned to see a fire star coming
their way. They dived out of the way.
> "What was that?" Questioned Tai.
 "That's an example of what will happen if you
>two continue this dumb battle," said Lauren. Matt and
Tai could then see her shadow in the smoke. The smoke
>cleared and Lauren was in perfect vision with Blazemon
behind her.
> "Lauren you told me to tell Sora my feelings and
I did and now

your telling me to take that all back?"
>Questioned Matt.
 "I did say that but didn't say to beat up Tai if
>he got in your way with Sora."
 Then Lauren saw Izzy and Joe tumbling out of the
>theater they were in. They were having a fist fight and
they were both dodging them. Lauren dove in to break
>them up. With the help of Gomamon and Tentomon they
were able to break them up.
> "Now look everyone, i didn't mean for everyone
to become enemies," said Lauren with a tear coming down
>her cheek. "I didn't know that all of you had
feelings for Mimi and Sora I thought it was just Matt
>and Izzy. I'm sorry I ever did this stupid set up
thing."
> Suddenly a big black spiral was forming in the
air. Suddenly Piedmon came from the black spiral. He came
>with that snare look on his face.
 "That was most touching," Piedmon said. "I
>think its time for all of you to face the music and die."
 "We're not going anywhere," Tai yelled.
>"Go Agumon!"
 "Gotcha! Agumon warp digivolve to... Wargreymon!"

> "You two Gabumon!"
 "Gabumon warp digivolve to... Metalgarurumon!"
> "Blazemon you might as well go to. your already to
fight and all so."
> "I gotcha."
 "Be careful."
> "Fire Shooting Stars!"
 A huge fire star went flying at Piedmon but there
>was no use of doing that. It didn't have any effect.
 "Why do we have to fight?" Lauren thought to herself.
>"In the end someone is going to end up dieing so what's the
use?"
> Suddenly all the other digimon digivolved into their
ultimate forms. Blazemon stayed back. Lauren knew that
>it was no use. Blazemon was a champion digimon so she
couldn't do anything. What was she supposed to do?
> "I want to help them," she thought to herself.
"But how am I supposed to help by just standing here and
>doing nothing?"
 She hopped on Blazemon's back. She joined the

>rest of the gang to destroy Piedmon. Matt turned to see
Lauren coming into the battle.
> "Lauren are you nuts?" Yelled Matt. "You'll be
destroyed."
> "Do you think I care at the moment? All I care
about is making sure you guys get out of this alive."
> Suddenly Lauren's crest began to glow. Blazemon
began to glow as well. What was going on?
> "Blazemon digivolve to... Jagamon!"
 The next thing Lauren knew she was on another
>type of cat like digimon. She was then riding on it and
it was so much bigger then Blazemon. It was of course
>bigger then Lynxamon. Lynxamon is about the size of
Agumon.
> "Izzy what does it say about Jagamon?" Questioned Tai.
 "Jagamon, another fire element digimon. She
>is yet another sact like digimon. Her attack is Fire
Crusher."

> Suddenly Jagamon went for Piedmon. Still having
Lauren on her back, they go and fight together.
> "Ready Lauren?"
 "Ready, let's go!"

> "Fire Crusher!"
 They hit Piedmon but not hard enough. Jagamon

>bounced back to where the digidestined. Lauren went
back to the digidestined. She slammed into Matt and they
>went flying against the wall. Lauren and Matt could then
barely stand back up.
> "Sorry Matt you ok?" Questioned Lauren in pain.
 "Ok, I guess. I say its time for payback!"
> They were finally able to sit up and then they
hopped on their digimon and went for battle. The others
>joined them and battled with their brave friends.
 "Terra Force!"
> "Ice Wolf Claw!"
 "Fire Crusher!"
> "Wing Blade!"
 "Horn Buster!"
> "Flower Cannon!"
 "Bolten Hammer!"
> "Celestel Arrow!"
 "Gate of Destiny!"
> They all attacked together. Suddenly Piedmon
was still alive. Matt looked at Sora to make sure she
>was ok. Then Piedmon got ready to attack.
 "Trunk Sword!"
> The swords were coming straight at Sora. Matt and

MetalGarurumon ran over to Sora as fast as they could.

>Garudamon was hit by one of the sword and then she turned
back into Biyomon. The other knife was going for Sora.
>Matt then pushed Sora out of the way but was unable to
save himself. Sora got back up and Matt's unconcious
>body fell on her lap. Everyone saw this and got off
their digimon and ran over to Sora's side.
